SOME CURRENT & YESTERYEAR CHAIR & CHIEF EXECUTIVE OFFICER'S BORN OVERSEAS

Over one in three of the ASX 100 Chief Executives were born overseas and over fifty percent of the ASX 200. Imagine if the below who were born overseas were unable to come to Australia because of the 457 Visa amendments. What opportunity as a nation would we have forgone? Would we be the lucky country?

Gregory Robinson Managing Partner *“Without doubt every Australian's high living standards is in part the result of the quality of the Business leadership this country has enjoyed. To discourage future leaders, which we currently are, could cause long term reputation and economic damage to our country. This simple list is testimony to the need for offshore talent.”*
